Store Conversion Programme

Bridgford Interiors were selected by Tesco in 2003 to work on the 'T&S' Conversion programme and standalone 'Express' format stores.

The conversion programme is likely to impact on upto 900 stores over a 4 year period - continuous improvement to programme / cost / quality is the key factor to our success.

Summary of Sector

The local convenience store format is being developed by all the major food retailers - the opportunity to sell locally at nationally agreed rates has increased revenues above forecasts.

The brand image attracts customers who are looking for value and also provides travellers with an identifiable format for 'top up' shopping.
