New Store / Refurbishment Programme

With a programme that involved both new edge of town units and introduction of new initiatives to existing stores, Currys chose Bridford Interiors to manage and co-ordinate the fit out.

Bridfords have been constantly selected for high profile schemes such as the new concept Croydon, 60,000ft² giga-store at Junction 9 and have also provided construction management at St. Helens.

The market place initiative programme was our most intense to date, with 3 stores starting per week (max 12 live sites), 3 weeks per store. Bridford completed in excess of 40 projects in 3 months.
